Dear Friend,

2004. It's a whole new year at Kennetts Trading Company...more colors, more styles; smarter and better products. But one thing that hasn't changed is our dedication to bringing you the best value for your money. With the dollar fluctuation and savvy buying, we're able to offer you new lower pricing.

We've updated and upgraded our products. Take our classic collection of tail bags: four vinyl tail bags now feature cellular phone pockets. We have added special lexan plates cut to fit our saddlebags. These plates designed with space age technology will withstand tremendous force and can be screwed onto support brackets. You're not going to lose these saddlebags!

There are exciting new Zeus helmets including a new motocross and a full-faced street helmet that comes with four recessed top vents plus front and rear vents! And that's not all. We have added new KTC gloves and Ballistic cordura pants to our Infnit line up. This year you'll also find new cordura jackets with detachable sleeves for both men and women along with other new leather garments. Don't miss the new heavy-duty magnetic tank bags in red and blue.

See our entire collection of on and off road products designed for ultimate protection, comfort and style. Great prices. Exceptional quality. Ordering couldn't be easier. Choose one of our quick methods and place your order today.

Sincerely,

Ira W. Schleien
